User Guides: Videos and Other Resources

Home > User Guides

Educational materials and support resources to help you confidently navigate and use the ARIA Guide.

Whether you are new to the ARIA Guide or looking for guidance on specific features, these resources offer practical, step-by-step information to help you make the most of the platform. Use the tabs below to browse all available resources. Check back regularly as new materials and training resources are added!

- User Guides Videos
- Quick Reference Guides
- Cure4Kids Seminars
- Institutional Toolkit

Short video tutorials showcasing key features of the ARIA Guide.

The videos below introduce you to the ARIA Guide, walk you through accessing and navigating the portal, and applying the guidelines in practice.

Using the Web Portal

- ▶ Introduction to the ARIA Guide
- ▶ ARIA Guide Registration
- ▶ Navigating the ARIA Guide
- ▶ Learn the ARIA Guide Language
- ▶ Troubleshooting and Support

Using the Guidelines

- ▶ Applying Disease-Based Guidance
- ▶ Applying the Clinical Practice Recommendations

Additional Tutorials

- ▶ Using the ARIA Guide Admin App

Whether you are new to the ARIA Guide or looking for guidance on specific features, these resources offer practical, step-by-step information to help you make the most of the platform. Check back regularly as new materials and training resources are added!

User Resource Center Features

[User Guide Videos →](#)

The videos will introduce you to the ARIA Guide, walk you through accessing and navigating the portal, and applying the guidelines in practice.

[Quick Reference Guides →](#)

Refer to these documents to support day-to-day use of the ARIA Guide. Each guide distills key steps and concepts for quick, at-the-bedside reference.

Download or print these reference sheets to support applying ARIA Guide content in your clinical setting.

[Cure4Kids Seminars →](#)

Access the ARIA Guide classroom on Cure4Kids to explore interactive modules and other educational materials to support applying the guidelines in practice.
